

# MAKING FAST LOOK GOOD

A VISION  
THAT CHANGED  
TRACK FOREVER

THE LEADER IN TRACK  
SURFACING SINCE 1974

# WHY BEYNON

## VERTICALLY INTEGRATED

Beynon controls all aspects of the manufacturing value chain. From start to finish, we're in control of your track.

## TARKETT SPORTS BRAND

Part of Tarkett Sports, Beynon can offer a full range of additional surfacing products. From FieldTurf artificial turf to Tarkett gymnasium flooring, we have the solution for your project.

## DESIGN & CONSTRUCTION EXPERTS

With over 30 factory trained installation crews worldwide, three Certified Track Builders on staff, in-house World Athletics testing, as well as a team of designers, Beynon has one of the most experienced and knowledgeable teams in the industry.

## EXPERIENCE

With over 7,500 installations in North America in the last 10 years, Beynon Sports has been at the surface of the most significant moments in track & field: 2022 World Athletics Championships, 2022 Commonwealth Games, and NCAA Division I Outdoor Championships, to name a few.

## FINANCIALLY STRONG

Part of Tarkett Sports, a division of the Tarkett Group, a worldwide leader of innovative flooring and sports surface solutions, Beynon has unprecedented financial support and stability. You can rest easy.

## LEADING DURABILITY

Manufactured and installed with the highest attention to detail, Beynon's systems showcase proven durability. Numerous Beynon surfaces have seen over 20 years of use.

## TRUSTED

At every level, Beynon Sports is the leading choice in track surfacing! Our systems are trusted by international governing bodies, NCAA Division I programs, thousands of high schools, and distinguished municipal facilities.

## ENDLESS PURSUIT OF INNOVATION

From the original full pour systems to our resurfacing technology and post-tensioned concrete tracks, our innovations continue to sprint past the competition.

## SERVICE

We are as committed to your program as you are, and we're with you for the long term. When you buy a track from Beynon, you're buying from a company that knows how to take care of you. It's what we do best.

# A HISTORY OF DEDICATION TO EXCELLENCE

**OVER 40 YEARS AGO**, John T. Beynon founded Beynon Sports with a vision to revolutionize the sport surfacing industry, embedding his family's name and values into the very foundation of the company. Today, Beynon Sports honors that legacy, having grown into a global leader with locations in Maryland, Oregon, Texas, and California. Our commitment to quality, durability, and athlete safety is demonstrated across our over 7,500 installations. The Beynon name is not just a brand; it's a symbol of trust, excellence, and a commitment to the communities and athletes we serve.

Beynon surfaces are found in North America's most prestigious track and field facilities, reputed collegiate campuses, high schools, and city parks.

Not only do we strive to make you fast, but we help keep you safe. Our specialized, high-performance synthetic athletic surfaces are designed for speed, competition, and most importantly, daily training. Should it be at one of our thousands of outdoor tracks, indoor fieldhouses, or multipurpose gymnasiums, you will feel the difference a Beynon surface makes.

**IN THE SPRING OF 2008**, Beynon Sports joined the Tarkett Sports family, which combined the most recognized and prestigious name in the artificial turf market in FieldTurf with Beynon Sports' track and field, fieldhouse, and gymnasium surfacing systems. The result is a global firm with unmatched financial strength and a dedication to innovation, customer service, and excellence.

Through this partnership, we can offer unprecedented service, quality, and support, as well as the financial backing to stand behind our products. You can rest easy knowing you are protected.

# BUILT FOR WORLD-CLASS SPEED

HAYWARD FIELD:  
HOST OF 2022 WORLD  
ATHLETICS CHAMPIONSHIPS  
FIRST TIME IN HISTORY  
IN THE UNITED STATES

*"Watch the World Championships (on Beynon Sports) to see what real speed is...These are the fastest and strongest athletes in the world on U.S. soil and it just happens to be at the greatest stadium for track & field in the world and on the fastest surface in the world."*

**ATO BOLDON**

# TRUSTED AT EVERY LEVEL

FROM PREMIER TRACK VENUES  
TO LOCAL COMMUNITY FACILITIES,  
ATHLETES AND OWNERS ARE  
RAVING ABOUT OUR SURFACES.

DON'T JUST TAKE OUR WORD FOR IT—ASK A BEYNON  
TRACK OWNER HOW THEY FEEL ABOUT US.

*"To maintain a successful, broad-based athletics department, our students need first-class facilities to train, practice and compete. This new outdoor track and field stadium will provide that type of facility for our men's and women's track and field programs while giving them a long-term, on-campus home."*

**MARK COYLE | UNIVERSITY OF MINNESOTA  
ATHLETICS DIRECTOR**

*"As nice as any facility needs to look, it doesn't mean much if you're not left with a quality, competitive surface. Our track has been completed and it certainly passed everyone's 'look test'. Most exciting however is that it also passes the performance test. We were fortunate enough to be involved with the Inspiration Games this last July. That was to be our first competition in the new facility and we were able to host a number of elite, world class athletes. The athletes ran well, they ran fast and the reviews, especially about the surface performance aspects, were all, overwhelmingly positive. We have a fast, attractive and durable surface and we couldn't be happier."*

**DOUG TODD | MT. SAN ANTONIO COLLEGE  
DIRECTOR OF ATHLETIC SPECIAL EVENTS**

*"They were great. The advantage they brought to us, is that they were a local company. This is as close to perfect you're going to get for an indoor track facility, anywhere in the country."*

**ERIC SAWYER | SPOKANE SPORTS  
CEO**

# WE'RE WITH YOU EVERY STEP OF THE WAY

Beynon controls all aspects of the manufacturing chain, which allows us to create the right product, regardless of the facility. Because our founder's name stands behind each track that we make, we take special care throughout the entire installation process. We do this by only using certified Beynon track installers, specialized equipment, and skilled craftsmen, which ensures impeccable results.

## DESIGN

Our team has been involved in the conceptual planning of over 150 collegiate track and field facilities. We work directly with local engineers and architects on your project, adding years of expertise to the planning and execution process.

## FORMULATION

Our philosophy on materials selection is simple: use only the best environmentally friendly, bio-based raw materials because we understand that the material choices we make today will affect your athletes for years to come.

## MANUFACTURING

Focused on an unwavering commitment to quality, our Hunt Valley (Maryland, USA) manufacturing facility is one of the few in the industry to have its Quality Management Systems certified to ISO 9001-2015.

## INSTALLATION

Only Beynon installation crews and select certified partners are allowed to work on your projects, ensuring superior craftsmanship and quality.

# BUILDING & DESIGNING THROUGH EXPERIENCE & EXPERTISE

# WE'RE NEVER SATISFIED WITH WHERE THE BAR IS

BEYNON SPORTS IS AT THE FOREFRONT  
OF SPORTS SURFACING INNOVATION  
& TECHNOLOGICAL ADVANCEMENTS

Our team is made up of the finest and most experienced in the industry, from world-famous track coaches to the leading polyurethane research chemists and the most experienced installation personnel. Through vigorously researching and developing new environmentally sustainable technologies, we are able to bring revolutionary sports surfacing systems to your athletes.

We adhere to the highest environmental standards by incorporating renewably sourced raw materials into our systems. We are the leader in the research and development of environmentally conscious products in the polyurethane sports surfacing industry.

---

Beynon products have been rigorously tested by internal quality assurance analyses, and the results have been vetted by World Athletics, which surpassed EN, DIN, and ASTM standards.

# ENTRY-LEVEL SERIES

PROVEN AND TRUSTED

## BSS 100 | BSS 200

Designed for long-term durability, our Entry Level Series systems offer an economical, low-maintenance solution. Proven and trusted nationwide, these systems are installed at hundreds of high school and city venues.

Our Entry-Level Series is backed by Beynon's comprehensive 5-year warranty.

## BSS 100

The BSS 100 is a cost-effective track surface solution for local schools and communities searching for an all-weather system. As a World Athletics certified product, the BSS 100 offers excellent performance results and a quality system design.

## VALUE AND PERFORMANCE

### BSS 300 | BSS 1000ML

Offering a balance of durability and performance, our Intermediate Series was designed for venues looking for added features without the need of a premier surface. These systems have been a popular choice for high schools and collegiate facilities.

**Our Performance Series is backed by Beynon's comprehensive 5-year warranty for the BSS 1000 ML and 10-year warranty for the BSS 300 system.**

### BSS 300

The BSS 300 system delivers a leading quality surface without breaking the bank. Through innovative system construction and local manufacturing, this sandwich system delivers on everything you've been looking for. It offers a similar feel and performance to traditional full-pour systems, along with improved shock absorption for daily training.

BSS 1000 HOBART TEXTURE | POLYTURF | POLYTURF PLUS |  
POLYTURF PLUS SP | POLYTURF PAD & POUR | POLYTURF MULTIPURPOSE

All of Beynon's indoor sports flooring systems are seamless, self-leveling, and have achieved GreenGuard Gold™ certification, ensuring superior indoor air quality for schools, healthcare, and athletic facilities.

# BSS1000 HOBART TEXTURE

Beynon's specialized Hobart Texture™ was engineered to eliminate the EPDM granule migration found in traditional embedded track systems. The Hobart Texture™ locks the EPDM granule in place with our exclusive BEYLOCK polyurethane binder and BEYCOAT water-based aliphatic coating. This installation technique adds years to the life of your surface, all while providing an unmatched performance experience.

Beynon's Hobart Texture is available in a variety of standard and custom colors that can be produced to match your school's or team's color palette.

# MIX & MATCH

We understand that your indoor facility needs to be a place for more than just track and field, which is why our wide array of indoor systems allows you to mix and match the right combination for your program.

Our indoor surfaces are both cost-efficient and virtually effortless to maintain. No annual stripping or waxing is required—simple dust mopping or automatic scrubbing will do. Plus, each surface is finished with a UV-stabilized coating for stain and fade resistance.

# BANKED SYSTEMS: NEW BALANCE

# BANKED SYSTEMS

WE KNOW EACH FACILITY IS UNIQUE, WHICH IS WHY WE HAVE A SOLUTION FOR EVERY PROGRAM.

LOOKING AT RUNNING FROM A DIFFERENT ANGLE

A long tradition of excellence carries over into our banked systems. Since their introduction in 1980, banked indoor track venues have grown exponentially across the world. Their innovative design counterbalances the centrifugal force on the athletes running along the bend evenly, regardless of the lane.

## ► RISE-N-RUN - HYDRAULIC BANKED SYSTEM

Rise-N-Run, Beynon's hydraulic banked system, took the industry by storm with its revolutionary design and construction. Built with 20% more steel and 20% bigger pistons than competing systems, Rise-N-Run offers not only unmatched performance and durability but also the optimal grounds for high-speed training and competition.

## ► PERMANENT BANKED SYSTEM

Engineered for single-purpose track venues, our permanent system offers a proven track record and unbelievably fast times—just ask Boston University. This system can be custom-engineered to flawlessly match your facility.

## ► PORTABLE / TEMPORARY BANKED SYSTEM

Converting your facility from track meet to everyday use shouldn't be a daunting task. We understand that your facility needs to be flexible. Flexibility shouldn't mean you have to compromise quality. We handle everything from the design to the installation and certification, taking all the guesswork out of your project. We've been trusted by the best to turn their space into a premier track facility.
